Anna AI assistant

An always-on assistant connected to email and WhatsApp, with AI business insights across the system.

Bank automation

Live statement sync with smart auto-reconciliation, including split-payment matching, plus secured transfers.

THE PLATFORM

Multilingual, multi-tenant, *secure*

Underneath every module sits one modern, secure platform, designed for the way GCC businesses actually work.

5 languages, full RTL

English, Arabic, Hindi, Bangla, Urdu, switchable per user.

Multi-tenant SaaS

Per-tenant branding, logo, colours and custom domain.

Passwordless login

Secure one-tap OTP sign-in over WhatsApp or email.

Document chains

Every quote, order and invoice linked and traceable.

Workflows & automation

Rules and triggers that handle the repetitive work.

Full audit log

A complete who-changed-what trail with timestamps.

Payment gateways

Paymob and Amwal Pay, native OMR 3-decimal billing.

Cloud + desktop app

Run it in any browser, or in the desktop application.

Built for the GCC

Made in Oman, by BHD Group, for regional business.

Run your whole business on *one platform*.

Start with Sales & Invoicing, then switch on the modules you need as you grow. Set up in minutes, in your language.
