

Paper & Pen

Modules & what each one does

Your whole business, in one platform.

A complete cloud ERP for GCC businesses. Here is every module we offer, and exactly what each one does for you. In Arabic and English, on phone or desktop.

12

MODULE FAMILIES

30+

SWITCH-ON MODULES

5

LANGUAGES

<5 min

TO GET STARTED

Everything in one place

Twelve module families. One system.

Start free with Sales & Invoicing, then switch on what you need. One shared system, so nothing is entered twice.

Sales & Invoicing

Quotes, invoices, payments

CRM & Customers

Pipeline, tickets, loyalty

Point of Sale

Terminal & settlement

Procurement

POs, RFQs, vendors

Inventory & Stock

Levels, alerts, stock take

Manufacturing

Orders, BOM, Kanban

HR & Payroll

Attendance, leave, payroll

Accounting

Ledger, bills, Magic Inbox

Banking

Sync, reconcile, transfers

E-commerce & Portal

Shop, checkout, portal

Projects & Delivery

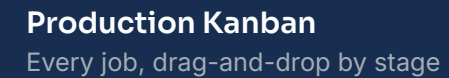

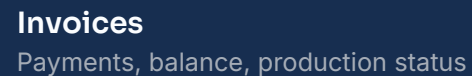

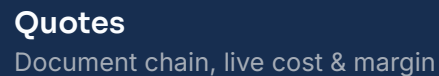

Tasks, costing, delivery

Analytics & Board

Dashboards, reports, board

A real look at the platform.

paperandpen.om

01

Sales & Invoicing

Turn enquiries into quotes, orders, invoices and cash, with margin control all the way.

★ Free core, every plan

Paper & Pen

What's inside

Get paid faster, with nothing slipping through

⚡ Sell

- Quick Sale one-screen billing
- Quotations, clone & revise
- Sample orders
- Sales orders
- Price lists: retail / dealer / VIP
- Price calculator

📄 Invoice & collect

- Invoices with live cost preview
- Payments, incl. split payments
- Recurring invoices
- Credit & debit notes
- Delivery notes
- Multiple payment modes

🛡️ Control

- Quote → order → invoice chain
- Credit approval workflow
- Margin approval queue
- Customer blacklist guard
- Multi-currency, native OMR

Every sale costed, approved and collected, with a clean trail from quote to cash.

CRM & Customers

Everything you know about a customer in one place, from first lead to repeat order.

+ Add-on module

Paper & Pen

What's inside

Win more, and never drop the ball

🎯 Win

- Leads & opportunities
- Visual deal pipeline
- Tasks & activities
- Client visit logging
- Customer 360 view

🗣️ Serve & keep

- Help desk & tickets
- Loyalty & retention
- Knowledge base
- Surveys
- Self-service client portal

💬 Engage

- WhatsApp chat, in-app
- AI Assistant
- Message log & audit
- Notification preferences
- Email templates

One timeline per customer, replies on WhatsApp, and your best clients spotted automatically.

03

Point of Sale

A fast counter terminal that posts straight into sales, stock and the accounts.

+ Add-on module

Paper & Pen

What's inside

Ring up sales in seconds

At the counter

- Quick-sale POS terminal
- Receipt printing
- Multiple payment modes
- Linked to live stock

Reconcile

- POS settlement
- Bank cross-validation
- Verified settlement badge
- Stuck-settlement alerts

Understand

- POS analytics
- Transaction trends
- Per-till reporting

Counter sales, stock and settlement reconciled against the bank, with no manual re-keying.

04

Procurement

Buy at the right price, from the right supplier, and receive it accurately.

+ Add-on module

Paper & Pen

What's inside

Smarter buying, accurate receiving

Source

- Purchase requests
- Purchase orders
- RFQs to suppliers
- Supplier directory

Receive

- Goods received notes (GRN)
- Ordered vs received variance
- Three-way matching
- Vendor statements

Improve

- Vendor scorecards
- Quality & on-time metrics
- Spend analytics

Every order tracked from request to receipt, with suppliers scored on what they actually deliver.

05

Inventory & Stock

Know exactly what's on the shelf, where it is, and when to reorder.

+ Add-on module

Paper & Pen

What's inside

Never run out, never overstock

Track

- Live stock levels
- Multi-location stock
- Stock movements
- Product brands & cross-refs

Replenish

- Reorder-point alerts
- Reorder forecasting
- Stock take + variance JE

Report

- Dead stock & aging
- Zero-sales report
- Valuation & turnover

The right stock on the shelf, with dead and slow lines flagged before they tie up cash.

06

Manufacturing

Plan jobs, drive the floor and assure quality, with true cost on every order.

+ Add-on module

Paper & Pen

What's inside

Make it, on time and on cost

Plan

- Production / manufacturing orders
- Bill of materials (BOM)
- Product attributes & categories
- Sample orders

Run the floor

- Production Kanban board
- Machines & scheduling
- Capacity planning
- Reprint jobs (labels / tags)

Assure

- Quality dashboard & QC
- Job costing per order
- Cost engine with margin checks

Every job visible on one board, with the real cost and profit known per order, not at month end.

07

HR, Attendance & Payroll

From clock-in to payslip, with a face kiosk and visual SOPs for every role.

+ Add-on
module

Paper & Pen

What's inside

Pay your team, no headaches

People & time

- Employee records
- Face-recognition kiosk
- Attendance + corrections
- Leave requests & approvals
- Overtime & holidays

Pay

- Monthly payroll runs
- Self-service payslips
- Deductions, fines & bonuses
- Salary advances
- Sales commissions

Grow & comply

- Recruitment & onboarding
- Employee contracts
- Announcements
- Visual SOPs + compliance
- Team performance

Staff clock in by face, leave and overtime track themselves, and payroll runs in a click.

08

Accounting

A full double-entry ledger that fills itself from the work you already do.

+ Add-on module

Paper & Pen

What's inside

Your books, basically done

Ledger

- Chart of accounts
- Journal entries + recurring
- General ledger & trial balance
- Financial statements

Payables

- Expenses & vendor bills
- Debit notes
- Post-dated cheque register
- Intercompany & settlement

Smart

- Magic Inbox: AI bill capture
- Aged receivables & payables
- VAT-ready reporting

Snap a supplier bill and it files itself, while VAT and statements stay ready to go.

09

Banking

Your bank connected live, so the books reconcile on their own every day.

+ Add-on module

Paper & Pen

What's inside

The bank, on autopilot

Sync

- Live bank sync (Bank Dhofar)
- Statement import
- Multi-account & currency

Reconcile

- Auto reconciliation
- Split-payment matching
- POS settlement match

Pay

- Outgoing transfers + approval
- Saved payees
- Online payments: Paymob, Amwal

Statements flow in and match themselves, transfers are approved in-app, books stay current.

10

E-commerce & Portal

Open an online shop and give every customer a branded self-service portal.

+ Add-on module

Paper & Pen

What's inside

Sell online, around the clock

Online storefront

- SEO-friendly product catalog
- Product pages & variants
- Shopping cart & checkout
- Online payment: Paymob, Amwal
- Shop order management

Self-service portal

- B2B quote request forms
- View quotes & invoices online
- Pay invoices online
- Order & delivery tracking
- Branded per tenant

Customers order, pay and track themselves, and orders drop straight into the system.

11

Projects & Delivery

Run delivery work, track time, and see the true profit on every job.

+ Add-on module

Paper & Pen

What's inside

Deliver on time, know the profit

Deliver

- Projects & tasks
- Timesheets & time logs
- Gantt scheduling

Cost

- Job costing per project
- Link costs & revenue
- Outsource cost linking

Dispatch

- Delivery notes & tracking
- Driver app
- Warranty management

Every project and delivery tracked, with the real margin on each job, not a guess.

Analytics, Reports & Board

From daily dashboards to a full board pack, with a builder for anything in between.

**+ Add-on
module**

Paper & Pen

What's inside

Know your numbers at a glance

See it

- Finance & sales dashboards
- HR & inventory analytics
- POS & profitability analysis
- Consumption trends

Build it

- No-code report builder
- Saved & scheduled reports
- Custom PDF designer
- AI demand forecasting

Board

- Income statement (P&L)
- Balance sheet
- Cash-flow statement
- Investor pack & steering deck

Everyone from the shop floor to the board table works off one trusted set of numbers.

Built-in, on every plan

Clever bits that **save you hours.**

Magic Inbox

Email or photograph a supplier invoice and AI reads it, matches the vendor and bank payment, and drafts the bill for one tap.

AI Assistant

An always-on assistant on email and WhatsApp, with AI business insights surfaced across the system.

Face check-in

Staff clock in at a screen with their face, no cards, no app, no buddy-punching.

Bank on autopilot

Live statement sync with smart auto-reconciliation, including split-payment matching.

The platform

Multilingual, multi-tenant, secure.

5 languages, full RTL

English, Arabic, Hindi, Bangla, Urdu, per user.

Your branding

Logo, colours and custom domain per business.

Passwordless login

One-tap OTP sign-in by WhatsApp or email.

Document chains

Every quote, order and invoice linked end to end.

Full audit log

A complete who-changed-what trail, timestamped.

Cloud + desktop

Any browser, plus a dedicated desktop app.

 Ready when you are

Start free. Grow into the rest.

Begin with Sales & Invoicing at no cost, then switch on whatever modules you need as you grow. We will help you get set up, in your language.
