Paper & Pen

👋 Meet Paper & Pen

Run your whole business from **one place.**

Sales, stock, staff, money and the bank, all in one simple app. In Arabic and English, on your phone or computer.

Made in Oman, for businesses like yours. **A BHD Group product.**

Sound familiar?

Running a business feels like juggling **ten different apps.**

Orders lost in WhatsApp

Stock counted on paper

Invoices stuck in Excel

Chasing payments by phone

Payroll on a calculator

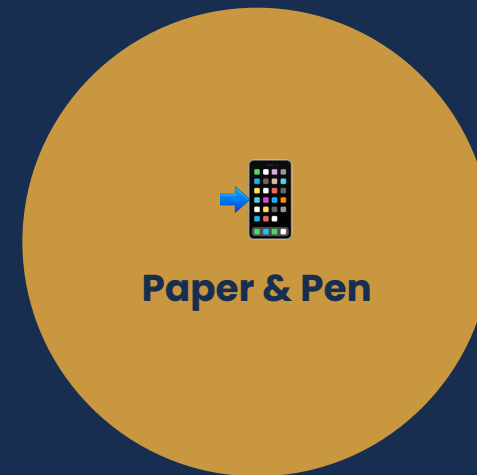

No idea what you really made

It doesn't have to be this way.

The fix

What if it was all in **one app?**

One place for everything your business does. Everyone sees the same thing. Nothing falls through the cracks, and it speaks your language.

Everything in one

One app does the job of **ten.**

Quote & get paid

Keep customers close

Sell at the counter

Track your stock

Run your workshop

Pay your team

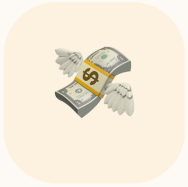

Sort the books

Sell online

See your numbers

Get paid **faster.**

Quote in seconds, send a proper invoice, and always know who still owes you.

- ✓ Turn a quote into an invoice in one tap
- ✓ Take payment by card, cash or online link
- ✓ Automatic reminders chase late payers for you

Keep every customer close.

Everything you know about a customer in one place, so you never drop the ball.

- ✓ Reply to customers on WhatsApp, right from the app
- ✓ Let them view quotes, invoices and pay online
- ✓ Spot your best customers and win repeat business

Never run out, **never overstock.**

Know exactly what's on the shelf, and get a nudge before you run low.

- ✓ Live stock counts across all your locations
- ✓ Reorder reminders so you're never caught short
- ✓ Send purchase orders to suppliers in a click

Make it, **on time.**

Follow every job on a simple board and know the real cost of each order.

- ✓ See every job's status on one visual board
- ✓ Know what materials each order needs
- ✓ See the true profit on every job

Pay your team, **no headaches.**

Attendance, leave and payroll in one place, so payday just works.

- ✓ Staff clock in with their face, no cards or apps
- ✓ Track leave, overtime and advances easily
- ✓ Run payroll in a click, payslips sent for you

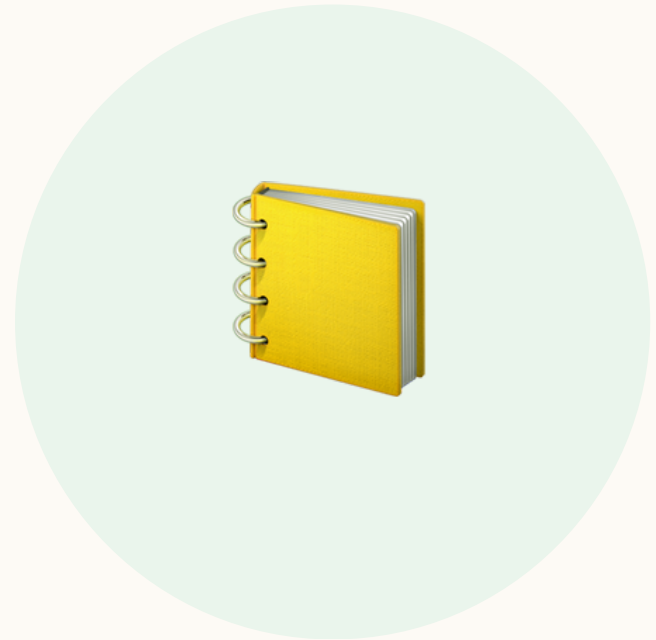

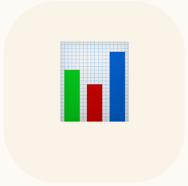

Your books, **basically** done.

The boring accounting bits happen on their own in the background.

- ✓ Snap a supplier bill and it files itself
- ✓ The bank reconciles automatically every day
- ✓ VAT and reports are always ready to go

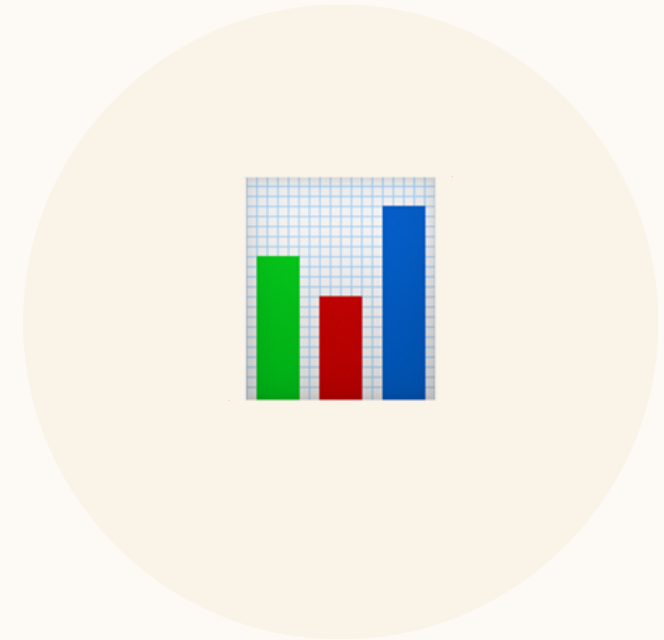

Know your numbers **at a glance.**

Open the app and see how the business is really doing, today.

- ✓ Live dashboards: sales, cash and what you're owed
- ✓ See what's selling and what's not
- ✓ Board-ready reports whenever you need them

Built for you

It speaks **your** language.

Everyone on your team works in the language they're comfortable with. Same data, just their words.

 العربية

 English

Phone & computer

Works anywhere, on any device.

No passwords

Log in with one tap, by WhatsApp or email.

Up in minutes

Start today, no IT project needed.

Clever bits

Little things that save you **hours.**

Snap a bill

Take a photo of a supplier invoice and it files itself, matched to the right payment.

Bank on autopilot

Your bank statements come in and match themselves, so the books stay current.

Face check-in

Staff clock in with a smile at a screen, no cards, no buddy-punching.

👋 Let's get you set up

Ready when **you are.**

Start free with sales and invoicing, then switch on whatever you need as you grow. We'll help you get going.
